Cadbury/Kraft Foods

In convenience stores two Easter products stand out from all others across all other confectionery; Cadbury Creme Egg and Cadbury Mini Eggs alone are bigger than the next 16 products combined (and that includes Malt Easter Bunny!)1, and with sales displays that are the signpost to the Easter season make sure your shoppers see Cadbury Easter instore!

Confectionery continues to be a destination category in-store throughout the Spring time season and is integral in creating Easter rituals.

Cadbury enables shoppers to show their loved ones how much they care through a magical and expansive Easter confectionery range that meets all their needs, and with Cadbury magic that helps bring families and ² Hall & Partners, Easter U&A 2012 friends together in a celebration of Easter:

Easter is all about chocolate. Shoppers buy Easter products (eggs, treats) and boxed chocolate on top of their usual confectionary, so Easter is a massive opportunity for incremental sales.
